- Pittsburgh International Airport supports the Allegheny County Health Department order suspending alcohol consumption and sales in restaurants. The order continues to permit to-go alcoholic beverages. Per the health department, effective at 5 p.m. Tuesday, June 30, alcohol consumption in the restaurants will be prohibited as a mitigation measure against the spread of Covid-19.
- Masks will continue to be required in terminals and may only be removed when eating or drinking. We encourage passengers to bring their own face coverings as airport concessions are not guaranteed to have in stock.
- Passengers will continue to be able to order food at airport restaurants to dine-in or to-go
