Pittsburgh International Airport FAA Regional Fire Training Facility

1000 Harper Road, Imperial PA 15216

This live fire training satisfies the requirements for FAA Part 139. Students will receive classroom training on current Aircraft Rescue and Fire Fighting topics and live fire exercises. The course includes extinguishing live fire in the Large Area Spill Trainer utilizing both handlines and ARFF vehicle turret operations. The course also includes handline training in the Specialized Aircraft Fire Trainer (SAFT) with live fire scenarios extinguishing wheels and brakes, engines, cabin, cockpit, electrical and cargo hazards.
