

## Pittsburgh International Airport Over-Sized Vehicle List & Policies

Below is a list of vehicle types that Pittsburgh International Airport defines as an over-sized vehicle ("OSV"). Pittsburgh International Airport may, in its sole discretion, change and/or update this list at any time without notice.

### **Lot Policies and Prohibitions on Over-Sized Vehicles – No Refunds**

It is your sole responsibility to ensure that the vehicle you bring is qualified to park at the location you choose.

Lots are **NOT** required to honor your reservation if you bring a prohibited OSV.

If you are denied entrance to a Lot because you brought a prohibited vehicle of any type, you will **NOT** receive a refund.

If a Lot, in its sole discretion, allows you to park a prohibited OSV, you may be charged additional fee(s) that may be more than the cost of your ticket or reservation.

### **Definitions**

The definition of an **OSV** includes, but is not limited to:

- Passenger Vans
- RVs
- Buses
- Trailers
- Campers
- Third/Fifth Wheels
- All Commercial Vehicles and similarly classified vehicles

Unless indicated otherwise, as a general matter, any vehicle **over 17 feet in Length, 7 feet in Width** (including mirrors and running boards), or **8 feet in Height** is considered an OSV.

Without exception, any vehicle described or listed on the Vehicle List is classified as an OSV.

**NOTE:**

To verify the length and width of your vehicle, please Google *“Vehicle Make and Model Dimensions.”*

For example, "Ford Edge Dimensions."

**Please don't call or email us asking for the length of your vehicle.**

**All RVs, Campers and Third/Fifth Wheels, regardless of length and width, are classified as OSVs. No Refunds. Additional Fees.**

If you bring an OSV you will NOT receive a refund.

Our Lots do not allow an OSV to park.

If you do park in our Lot, you will be required to pay an additional fee.

**If you have any questions about OSVs, please contact us BEFORE making a reservation at [PIT@lazparking.com](mailto:PIT@lazparking.com).**
