

ALLEGHENY COUNTY AIRPORT AUTHORITY
REQUEST-FOR-QUALIFICATION
FOR
PROFESSIONAL ARCHITECTURAL AND ENGINEERING DESIGN SERVICES
FOR THE
QUICK TURNAROUND FACILITY DEVELOPMENT
FEBRUARY 12, 2025

Request-for-Qualification (RFQ) for Professional Architectural and Engineering Design Services for the Quick Turnaround Facility Development will be received via Submittable at <https://acaacapitalprograms.submittable.com/> and will be received until 12:00 PM on March 14, 2025 (late submissions will not be accepted), for the following:

Project Summary:

The Allegheny County Airport Authority is inviting your organization to submit a Proposal to design a rental car Quick Turnaround (QTA) facility at PIT for the exclusive use by the rental car companies under agreement with the Authority. The proposal also seeks the design of a precast addition to the new concrete garage structure with a minimum 1,200 public parking space deck over top of the proposed QTA facility. Entry and exit to and from this new parking space deck will be via level 2 of the MMC garage utilizing the newly constructed garage ramps.

For the more information, including full project description, proposer requirements, proposer responsibilities, proposal requirements, and selection process, please go to:
